### Read the following passage, then answer the questions below:

In South Africa , in a small village people used to plant vegetables and fruits . One day, last spring after a heavy rainfall, the villagers suddenly started seeing some strange trees growing fast in their gardens and fields. All people were **astonished** ,no one had ever seen something like that before. And no one knew where they had come from or how . Some trees started to produce some beautiful flowers of different colours and fantastic smell . Others produced strange fruits in large sizes. Some people claimed that these tree are dangerous .

The press in this village took the advantage of this event and started to spread rumors about the strange trees .Every morning the newspapers tell people new rumor. **They** even told that the trees can even walk and bite children . One new rumour said that the trees can run and move from one place to another . The journalists provided the newspapers with some fake pictures . Actually some villagers started to believe these rumours , so that they cut down some of those trees.

Other villagers were wise enough to watch the trees day and night to discover the truth . They found that trees can't move or bite children. All these rumours were lies .The press just wanted to sell more and more to gain much money . After discovering the truth, all people in this village united and decided to stop buying newspapers.
