Chapter 1

You can hear the echo of her high heels all around this place.

A place that is far from the town.

Free of humans.

In sum

It is the perfect place to commit a crime.

She went closer to that restricted body.

And raised his head with her sharp nails.

Looking at his bloody face.

He said with a drawn and choppy breath
: who are you? Why are you doing this to me?

She came closer to whisper in his ear with a
sharp tone full of hate and sarcasm,
: Me? I'm the one who's going to send you to
hell.

He said in a frightened and trembling tone: what
did I do to deserve this??!! I don't even know!
Tell me who ordered you to do this. Be on my
side and I'll pay you the double. I promise.

She asked in a tone of disapproved
: You're really asking what did you do to
deserve this??!! You don't even know what's
your fault and what did you do wrong and what
is the sheer scale of the crime that you
committed against an innocent soul?

The unknown: what do you mean? I didn't do anything! you took the wrong person.

She: is kidnapping someone and torturing them to death is nothing in your point of view?

He widened his eyes in shock.

And now he understood what she meant.

She: now, do you remember what you have done and what I mean? I mean that girl that was killed two years ago. Right here. In the same place you are in now.

He said angrily: she heard something she shouldn't have heard. She deserved to die.

She said sarcastically: and you saw something you shouldn't have seen. My face. And now I can't let you go.

He begged her, panicked: I will never tell anyone one about you just set me free and I'll do whatever you want.

She said with a fake, unfortunate expression while taking out her gun: unfortunately, what I want is your death.

She put the gun right in front of his head and said: you asked me who told me to do this right? It's my humanity who told me.

she shot him directly in the head before
hearing something else of his bullshit

His head fell, dead in front of her.

And his blood scattered all over her face.

She gave him a cold, lifeless look.

And took out a note from her pocket.

She carelessly threw it next his body.

She took out her phone.

Calling the police.

She told them with a fake frightened tone.
: Help! There's a dead person here.

She gave them the location and hung up.

She wiped her face from his dirty blood.
And changed her clothes to a normal one.
Then she burnt her other clothes that were
stained by blood.

She looked at the crime scene that she had
made for the last time.

Then she turned around to get out of the
whole place with a satisfied smile on her
face.

After a while the sound of police sirens filled the place.

They put her in the ambulance to check her. She seemed so pale and shocked from their point of view.

They secured the crime scene and began to collect the evidence.

They found nothing but this note.

Its content was:

I'll be back again and get rid of all scum of society.

I'll punish whoever the law couldn't punish.

Stay tuned.

I'll show again soon.

K.

She looked at them from a far.

And smiled sideways while saying.

Idiots.

Chapter 2

She enters her school as usual and the first thing she met was her friend's face.

Lora: hey Emily, how you doing?

Emily: I'm great thanks, what about you?

Lora: as usual nothing new, how did you spend your weekend?

Emily with a smile on her face: it was so good I had a lot of fun in it.

Lora: look like something good has happened. Huh?

Emily: something like that. And you, how was yours?

Lora: it was amazing, I went to the beach with my family and had a good time.

Emily: good for you. You have been going through a lot lately.

Lora: yeah. This made a really good impression on me.

Emily: That's great. Let's go to the class before we're late.

Lora: Ok. Let's hurry.

In another place.

Specifically in the police station.

The chaos filled the place.

They were trying to find anything can lead them to the culprit.

But they found nothing.

The team leader: what is the victim information?

One of the officers: he is the son of one of the biggest families in the city, recently, he was released from prison. He was only sentenced to two years in prison. and if it wasn't for the people's anger against him, he wouldn't have gone.

The Leader: what was his accusation?

The Officer: murder and mutilation.

The Leader: show me the case file.

The Officer: here it is, sir.

After a few minutes.

He raised his head looking at the others in astonishment, saying:

He was killed by the same way he killed that girl and the same place!

The officer: yes, sir.

The leader: this criminal looks cunning and seems to have a lot of knowledge. It will be hard to catch it. There's no doubt

After three months.

Breaking news

"The owner of a large company, who was being investigated for three days on charges of assaulting an employee to death, was released for lack of evidence."

After seeing the news. a smile grew on her face.

She looked at his photo that topped the news, then she said:

"We will meet soon, very soon"

He entered his company, which was empty due to the lateness of time while laughing out loud.

He said while laughing: those idiots, they can't put me in jail no matter what I do. They don't know who they're messing with.

He fell silent after hearing a sound.

The sound made by her heels throughout the empty company.

He heard a sound saying.

: you're right. no one can put you in jail, just because you have money and power.

He looked around searching for that strange voice.

She walked towards him and continued, saying: That's why I'm here. To get rid of people like you.

He felt something strong hitting him from behind.

Then he felt nothing.

When he woke up. he found himself tied up and his head is bleeding.

She said: the view is amazing in here. Such a beautiful company should be taken over a good person, not someone like you.

The owner: who are you? Who sent you to do this?

K: why does everyone ask me the same question? No one sent me.

He: then, why are you doing that to me?

She answered with a dark expression on her face: did owning a company make you think that you could own people? Those people work hard every day to earn a living. But you don't even appreciate their efforts and treat them like machines. And if someone

complain you can simply hit them to death, right?

He: do you mean that stupid employee? He means nothing. he kept complaining while he didn't do his job properly. Why do I have to suffer because of him?

K: and why did he have to suffer and even die because of you? Who do you think you are? You could simply have fired him from work! But you chose the wrong way. If you are not judged by law. Then I will be the one to do it.

He kneels in front of her saying: please, I beg you not to kill me, I'll do anything for you, if you want the company, I will give it to you. Just keep me alive.

K: what if I said that I want you to go to the police and admit what you did?

He remained silent and didn't answer.

K: see? You can't do that. Now stop gossiping and get your punishment silently.

He: No, No, Wait.....

She put the tape over his mouth so he can't speak or shout.

Not like anyone can hear him.

The next day

Breaking news

" The recently released businessman was found dead in his dead in his office this morning. "

"The police believe that the cause of death is severe assault. They're try to find any evidence that might lead them to the culprit. "

She smiled saying: this is what he deserves.

As usual, the police found nothing in the crime scene but a note.

And it was:

" K Is Back "

Chapter three

She walks with signs of anger on her face after losing the defamation case against her former husband.

Now she must pay more than she earned when she won her compensation case for alimony.

Although she is only supposed to take this alimony when she has children from him.

But she doesn't have.

Anyway, she won the case and took a big amount of money and said that she will donate this money.

But she didn't donate.

The one who donate was her lover who she cheated on her husband with.

Then she came out saying that she was a victim of domestic violence.

So, a defamation case with filed against her.

She brought a false and fake evidence and tried to prove that she was really exposed.

While she was the aggressor.

Until she admits that she is the aggressor without realizing it.

In the end, the magic turned against the magician.

And she put herself in a big trouble.

While she's walking.

She felt something stick in her neck.

Then she lost consciousness.

When she woke up, she found herself in a deserted place and handcuffed.

K: Woah. Woah. Look who we have here.

She continued with a side smile: it's miss Belinda.

Belinda: who are you?

K: me? I'm someone who can't see dirt and not get rid of it.

Belinda: what do you mean?

K: I mean you miss Belinda. Oh. Thinking about it now, I see that your name fits you perfectly. It means Snake.

Belinda: hey you! Who are you to say this about me?!

K: I'm K. Katherine.

Belinda: so? Why are you doing this to me miss Kathrine?

Kathrine: I told you. I can't see dirt and not get rid of it.

Belinda: and what makes you think that I'm dirty? And a snake?

Kathrine: hmm. Let me tell you.

First: you cheated on your husband.

Second: you assaulted him.

Third: you told him in a cold blood that no one will believe that he was assaulted by you.

Fourth: after doing all that shit. You go out and say that you are the victim and he is the aggressor.

How can you be so rude?

She said in an arrogant and impulsive tone:
So what? Why can't I do this? He was my husband so; I can do anything to him!

Kathrine: does being your husband mean he's not a human? And that he doesn't have feelings like everyone else? For God's sake, he is a human, not a punching bag!

Belinda: but you can't deny I didn't say anything wrong; I mean who would believe that man is the victim?!

Kathrine; do you think that being a woman makes you always the victim? There are also, many victims who are men. And as there are many aggressors of men. There're also, aggressors of women. Just like you.

She said coldly: so? What are you going to do? He won the case and it's all over already! I don't know what is the necessity of what you are doing now!

Kathrine: you're right. It's all over already.
But I just can't make you go like this. I have
to make you taste from the same cup. I'll
make
you wish for death and you'll not found it.

Belinda: you're not afraid that I might report
you to the police?

Kathrine: you can't say anything but that K
is a woman and that her name is Kathrine.
You can't describe me because of the mask
that I wear. And there're many who are
called Kathrine. They won't be able to know
which of them is the killer.

Belinda while she starting to get scared: w...
wait... we can solve this by talking, violence
doesn't solve anything.

Kathrine laughed so hard.

Then she said: look who says violence doesn't solve anything. Someone who herself commits violence. That's so funny. Also, I think that we talked a lot. Now shut up and let me do my work.

She put the tape over her mouth.
And started what she good at.

The following day.

" Miss Belinda, who had recently lost a defamation case, was taken to the hospital after being found in the street with signs of severe abuse. "

" The police are waiting for her to wake up to ask her about the facts of the accident."

In the hospital.

The police entered her room after informing them that she had woken up.

Someone asked her in a calm tone so that he won't make her feel afraid: miss Belinda we know that you have been through a lot. But we want to know what happened so that we can catch whoever did this to you and punish them.

She said while feeling scared and tears filled her eyes as soon as she remembered everything: It's K.

Everyone widened their eyes and waited to hear what she had to say.

Belinda: she is a woman that called Katherine. I couldn't see her face because of the mask which she was wearing. She's also

having a message for you.

: what is it?

Belinda:

"Catch me if you can"

Chapter 4

He wanders in this park looking for his new victim which he will decoy and bring it to an empty place and kill them just like he did with the other victims.

He is like the predator that looks for a prey.

But he overlooked those eyes that watches him from a far.

He didn't know that this time. He will be the victim. And the prey that will be preyed upon.

He found his target and headed towards it.

"Hey, can you guide me to the cinema? I'm new here. I still don't know the city very well"

"Sure, I don't have anything to do anyway."

She took her bag and stood.

She said with a smile: "Let's go"

He answered: "Thank you" and smiled back.

From the outside his smile looks normal.

But from the inside he is laughing evil laugh.

While they're walking.

After making sure that no one is around them.

He put his hand on her mouth so that she can't scream. And took her to an empty place as he wanted.

She tried to resist and run but she couldn't.

He was stronger.

After arriving the empty place, He let her.

He always makes sure that the place where he takes his victims there's no way to escape in it.

She said while crying so hard: "Why are you doing this? "

The man: " I do that for no reason. Just for fun"

She: "But why me?"

The man: "darling, I choose my victims randomly, and this time the choice fell on you. Don't blame me. Blame yourself that went after a stranger."

She widens her eyes surprisingly while tears are still running down her face. And said: "I thought you needed help! I just wanted to help someone in need! Is this a bad thing?"

She wondered in repressed tone.

He answered while taking out his knife: " Well. I think that you're the one who needs help now."

He raised his knife.

And when he was about to stab her.

He felt someone hold his hand to stop him from what he was about to do.

Katherine while she's directing her speech to the girl collapsed on the ground while screaming and crying hard:

"RUN"

She got up quickly and said: "What about you?!"

Kathrine: "JUST GO"

She ran as fast as she could to escape from that place.

He pushed Kathrine away and screamed in her face: "What do you think you're doing?!!!"

Kathrine: "Sorry for spoiling your fun. But you were about to kill that girl, right?"

The man: "What does it matter for you whether I kill her or not?!"

Kathrine while ignoring what he just said:
"The serial murders that have been happening lately. You're the one who did it, right?"

She took a step forward and approached him while looking into his eyes bravely into his eyes and then continued:

"First. you choose your victim then you tell them that you are lost and want someone to guide, and when the victim falls into your trap. You took them to an inescapable place like the one that we're in now and stapping them to death. Did I say something wrong? I admit your plan is smart. But there's no such thing as a perfect crime. At the end someone

will catch you. Unfortunately for you, I was that person."

He looked at her in shock. How the hell did she know all that??!!

He hid his shock quickly and gave her a fake smile as he gritted his teeth, while saying:

"Don't you think you know a lot?"

Then he picked up his knife again and continued: "don't you know that your knowledge may lead to your death?"

She lifted her hair into a ponytail and put on her gloves.

Katherine with a smile: "You're wrong. It will lead to your death. Not mine."

She punched him in the face as soon as she finished speaking.

Which made him turn back because of her sudden movement.

He said while giggling in shock: "you are really bold and brave, aren't you?"

Kathrine while smiling sideways: "TRY ME"

They start fighting. The fight that ended with her victory.

He fell in the ground panting, bowed his head in defeat, and blood is dripping from him.

Kathrine: "I told you that my knowledge will lead to your death, didn't I? You only have yourself to blame, yourself that underestimated me just because I'm a woman. Did you really think I wasn't ready before I came here? While I know I will face a killer? You're really fool. "

He raised his head while he was still catching his breath: "What are you?!"

Kathrine: " I'm someone who kills people like you."

The man: "Then what makes you different from people like me? You're a killer too!"

Kathrine: "No, I'm different. I'd rather kill for good than kill for bad or fun as you do."

He lowered his head to face the ground,
speechless.

While she raised her head in pride: "And
now bear the consequences of your actions."
"

He remained at the same position
surrendered to his fate. He can't escape
anyway.

That's why we say that whoever dug a hole
for his brother, he falls in it.

And your actions will inevitably come back
to you.

She picked up his knife and did the exactly
what he did to his victims.

She threw the knife beside him.

Then she turned out of the place.

When the police arrived the police after the girl reported what had happened and went with them to guide them to the exact place. It's an empty and isolated place so, it'll be hard to reach it without anyone's instruction.

It was too late.

He's already dead.

The police noticed that his traits match those of the serial killer.

One of them turned quickly to ask the girl:
"You told us that someone saved you, right?"
"

The girl: "Yes, I did."

The officer: "can you tell us what did the person look like?"

The girl: "I didn't see well, but it was some woman."

He looked at the others with an extinguished expression, and said:

"IT'S K AGAIN"
