- a) heavily
b) successfully
c) happily
d) proudly

4- People can learn about planets, the Moon and stars at the..... .

- a) oasis
b) stone
c) island
d) planetarium

B) Reading Comprehension

Read the following passage , then answer the questions below:

Any time an astronaut gets out of a spaceship in the space, it is called a "spacewalk". The first person to go on a spacewalk was Alexei Leonov. The first spacewalk was on March 18, 1965. It was 10 minutes long. The first American to go on a spacewalk was Ed White. His spacewalk was on June 3, 1965. White's spacewalk lasted 23 minutes. Today, astronauts go on spacewalks for longer time. Spacewalks usually last between five and eight hours, depending on the job. The world record for the spacewalks was more than 82 hours outside in space. That's almost 3 $\frac{1}{2}$ days of walking in space! NASA astronaut Michael Lopez holds the U.S. record for the most spacewalks. He has done 10 spacewalks and spent more than 67 hours.

Choose the correct answer :-

5) The best title for this passage is:

a) Alexei Leonov

b) The Spacewalk

c) The Spaceship

d) Ed White

6) The underlined word (spacewalk) in line (2) means:

a) talking in space

b) spaceman

c) astronaut

d) walking in space

7) The underlined word (He) in line (8) refers to:

a) Alexei Leonov

b) Michael Lopez

c) Ed White

d) Alexei Leonov

8) The shortest space walk was.....long.

a) 10 minutes

b) 67 hours

c) 23 minutes

d) 82 hours

B) Answer the following question:-

9) What was the world record for the spacewalk?

.....

10) How do astronauts go for a spacewalk?

.....

II. Writing

A) Grammar

Choose the correct form from a,b,c and d:
