

Read the passage and circle the answer:

Kinds of homes

Cave homes are built in rocks and mountains. Some cave homes are very old. Cave homes stay cool during the summer. They stay warm during the winter.

In cities all over the world, people live in tall buildings called skyscrapers.

Skyscrapers are made of metal, concrete and glass. This skyscraper has more than 160 floors and 57 lifts.

1. Cave homes are built-----
Above water
In mountains.
