### # answer these questions :

**a. do trees produce carbon dioxide ?**

no, trees absorb  $CO_2$  and release oxygen.

**b. why is  $CO_2$  a problem ?**

because too much  $CO_2$  makes the Earth hotter, then the ice at the poles will start melting, and this causes floods.

**c. define the phrase “ our carbon footprint “ ?**

is how much  $CO_2$  (carbon dioxide) one person makes each year .

**# Write a descriptive paragraph about your favorite place :** (52 words)

My favorite place is the beach. I never get tired of looking at the beautiful, bright blue sea. I like the smell of the fresh salty air, hear the sound of waves, and I enjoy feeding the fish there. In my opinion, the beach is the most beautiful place in the world.

**# write a paragraph comparing between life in a city and a country .** (69 words)

Life in the city is very different from life in the country. It is very crowded and noisy in the city because there are lots of people. You see tall office buildings in the city instead of trees, lots of cars, modern shops and buildings.

Country is more peaceful , there are lots of green fields, huge mountains, beautiful lakes and lots of forests with tall trees in the country.

**# write a paragraph about the place where you live.** (65 words)

I live in a city, there are a lot of cars and buses in my city, a lot of office buildings, modern shops, and a lot of people, this make it crowded all the time . living in the city is really noisy. In the other hand life in the city is easy, you can go shopping any time, you find a job close to your house and a good medical care.

**# write a paragraph comparing life in the past and life now :** (83 words)

Life in the past is different from life these days, in the past life was very simple. People didn't have big houses and cars. People lived in small houses and all the family lived together with grandparents. They used camels and donkeys to travel. There were no modern schools and hospitals.

These days, people have more money, cars and big houses. People use cars, buses, trains and planes to travel. These days we have modern schools and hospitals, and people are more educated.
