My friend told me about his vacation to Malayzia, so I am encouraged to spend my next holiday there.

In the mid-year holiday I will visit Malayzia. I would like to try white water rafting and mountain biking. I will buy a strong bike and a helmet for this pursuit.

I am going to stay there about one week. I will go with my family, but they do not like these activates, so I will find a friend to go with me.

Would like to accompany me?

I like water outdoor pursuits more than other pursuits. White water rafting and canyoning both are my favorite outdoor pursuits.

I can do these pursuits in rivers. To start these activities , I need a helmet , boat and life jacket. In white water rafting I go down a very fast river in an inflatable boat. In canyoning I jump off a rock into a fast-flowing stream and then I float on my back. Both pursuits can be only done in summer. I hope exciting activities for all of you.
