حل كتاب انجليزي احمر الجزء الثاني - من صفحه ٦ الى
صفحه ١٢

4 Write your own response to the question about social media on page 185 of the Coursebook. Use some of the ideas mentioned in Lessons 5 and 6 or your own ideas.

What happens if we can't get a wifi connection? Or what if our phone battery dies and there's no electricity – like in a power cut! What then? And what if we have some really important business to conduct or need to get in touch with someone. I think social media is good, but being totally dependent on one thing isn't

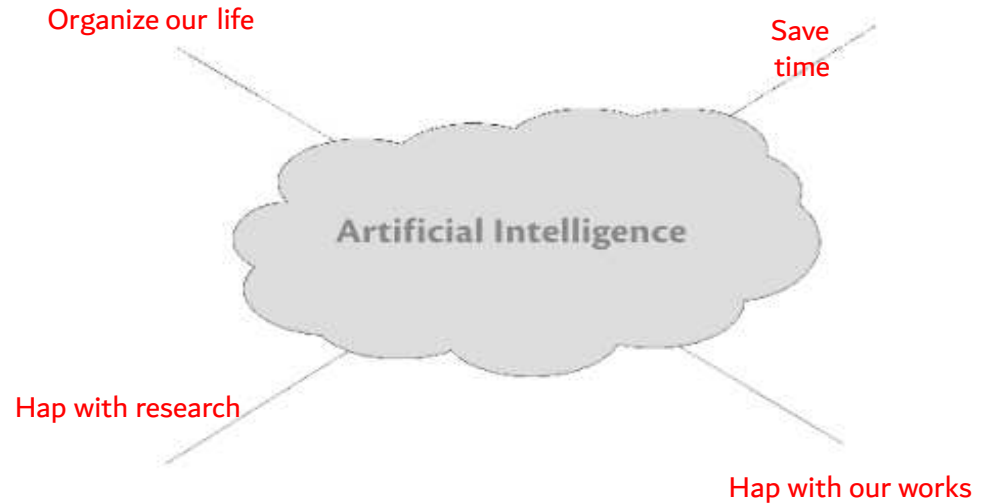

Lessons 7–8 Practise and prepare

1 Read this short summary of the talk and correct the mistakes that are underlined.

VR is a real ^{artifica} world in which a user wears a bodysuit ^{headse}. They can ^{can} experience smell and taste because these two actions ^{sense} can't be copied. Users in such a world do not really ^{thin} think ^k they are there because computers learn very slowly ^{fas}. There are many uses of VR including controlling cars ^{airplan}. Some users do not feel ^{Do feel} sick after being in a VR environment. Over 2000 ²⁰⁰ companies are developing VR products so in the future there will be a decrease ^{increase} in VR platforms.

2 How can artificial intelligence can help/change day-to-day life? Complete the diagram below.

3 Look at the scrambled words. Unscramble them and match them to the correct definition below.

- | | |
|-------------|---|
| a cimm | 1 the opposite of real h |
| b geamis | 2 something you need to wear to experience virtual reality d |
| c despron | 3 to make something appear real f |
| d sheeda | 4 another word for copy a |

| f teamlisu | 6 a reaction to an action c |
| g tatcrine | 7 another word meaning to communicate g |
| h laiciftra | 8 changing position e |

4 Complete the text about how VR works using words from Activity 3 above. You may have to change the words to fit the text grammatically.

To experience virtual reality a user has to wear a special **sheeda**⁽¹⁾. Using this, they enter an **laiciftra**⁽²⁾ world. This world attempts to **cimm**⁽³⁾ the **real** world by copying what we see and **a**.

As the user moves around this virtual world, the environment **despron**⁽⁴⁾ to their actions.

It feels as though the **temmenov**⁽⁵⁾ are real as they are able to walk and run around. They are also able to **interact**⁽⁶⁾ with the world around them, for example they can attempt to move things. **t**

They also see **images**⁽⁷⁾ and hear sounds but these aren't real. What they see and hear is **simulated**⁽⁸⁾ by the **computer**.

Lessons 9–10 Computer world giants

1 Match the following words from the recording on page 188 of the Coursebook with the correct definition. There is one extra word.
